LIONS INTERNATIONAL PURPOSES AND LIONS CODE OF ETHICS

PURPOSE

To Organize charter and supervise service clubs to be known as Lions clubs.

To Coordinate the activities and standardize the administration of Lions clubs.

To Create and foster a spirit of understanding among the peoples of the world.

To Promote the principles of good government and good citizenship.

To Take an active interest in the civic, cultural, social and moral welfare of the community.

To Unite the clubs in the bonds of friendship, good fellowship and mutual understanding.

To Provide a forum for the open discussion of all matters of public interest; provided, however, that partisan politics and sectarian religion shall not be debated by club members.

To Encourage service-minded people to serve their community without personal financial reward, and to encourage efficiency and promote high ethical standards in commerce, industry, professions, public works and private endeavours.

CODE OF ETHICS

To Show my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

To Seek success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.

To Remember that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.

Whenever a doubt arises as to the right or ethics of my position or action towards others, to resolve such doubt against myself.

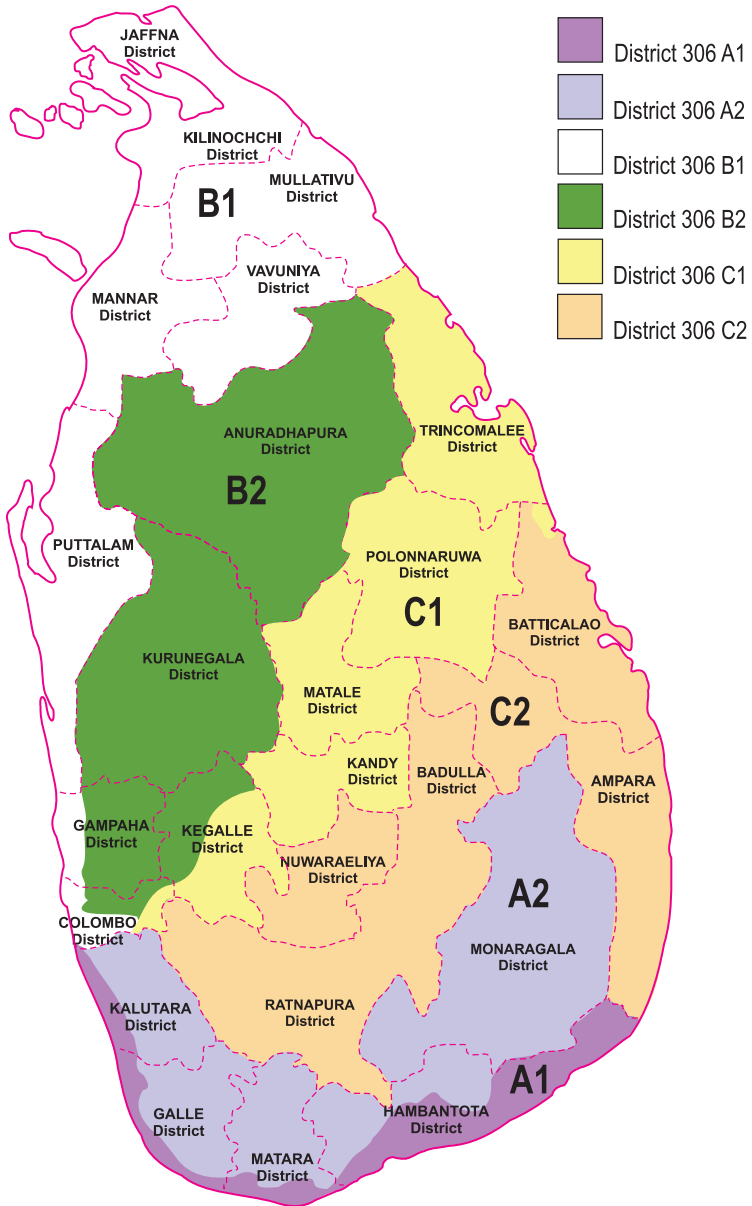

To Hold friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

Always to bear in mind my obligations as a citizen to my nation, my state, and my community, and to give them my unswerving loyalty in word, act, and deed. To give them freely of my time, labor and means.

To Aid others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.

To Be Careful with my criticism and liberal with my praise; to build up and not destroy.

Together We Can

WE LIVE, WE GIVE AND WE SERVE AS ONE.
Because we know that together we are
more. Together, there are no limits.

A Presidency that Took Flight in

Bird Island

To know Brian Sheehan is to know Bird Island, a small town in Minnesota where family and community are nearly one and the same. Families take care of one another, and neighbors look out for each other. It's safe. It's trusting. It's close-knit.

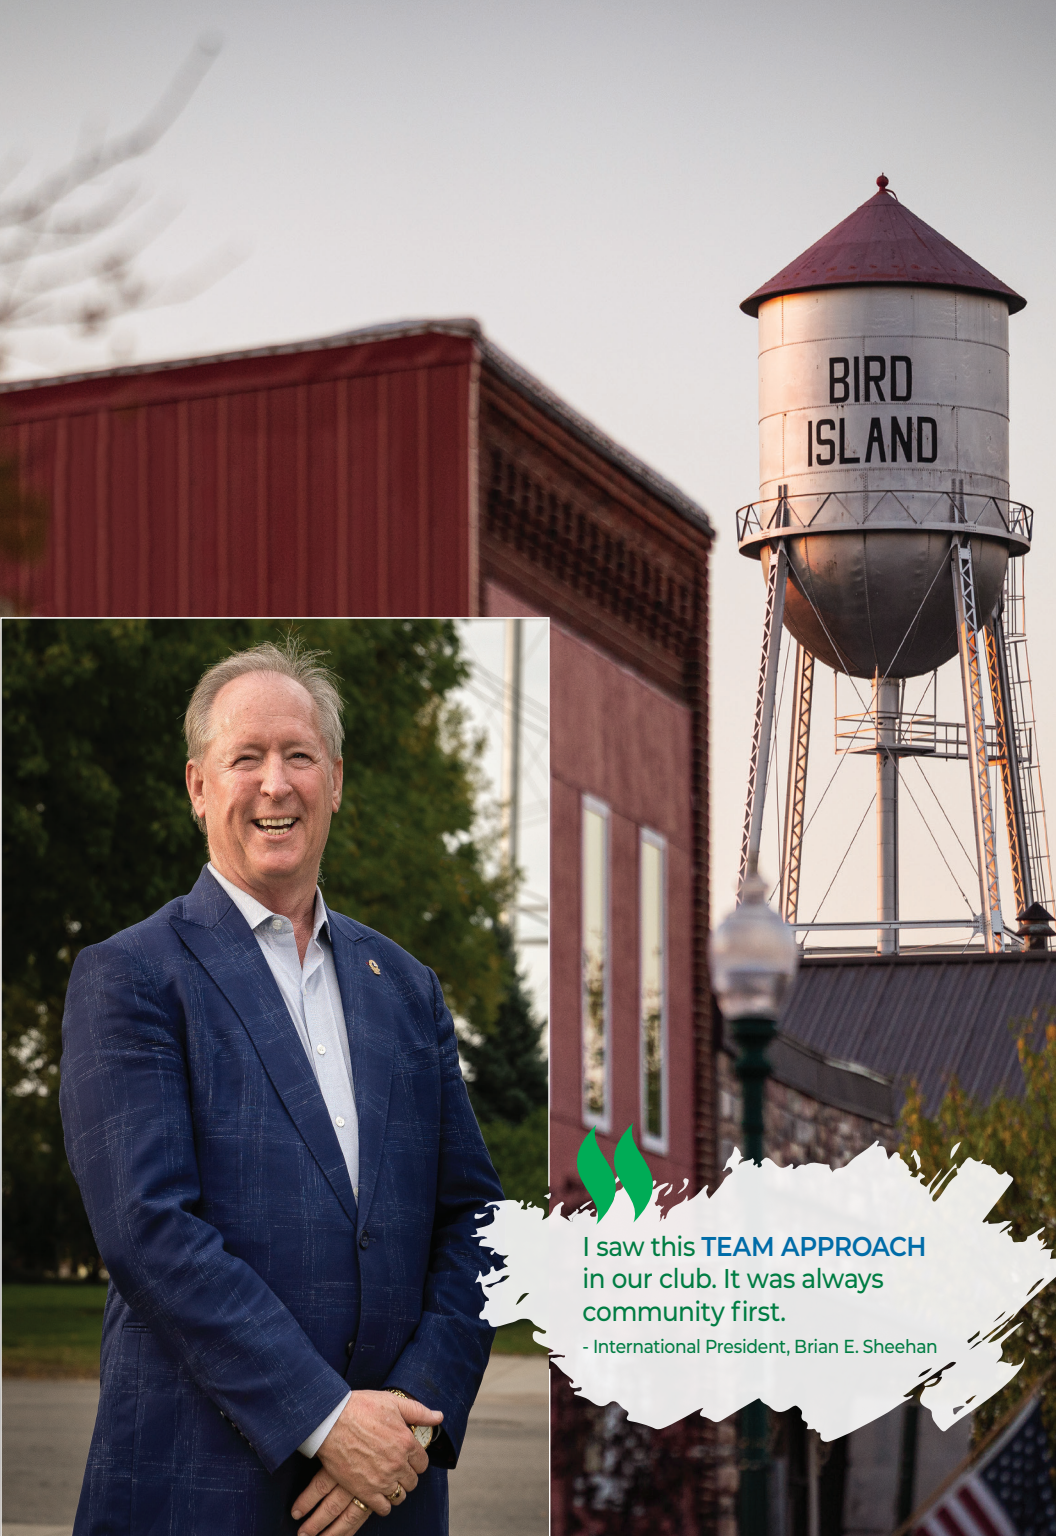

"Everybody knows everybody, and everybody watches out for you," said Sheehan. If you need help shoveling the sidewalk or a hand moving, chances are help is right next door. This sense of community, and the feeling of connection it brings, helped shape the life of Sheehan. And so did his family, who were more than just great parents and good neighbors. They were Lions.

His father was a founding member of the Bird Island Lions Club in 1964, and he's proud of that heritage: "We're part of a fourth-generation Lions family." Even the grandfather and father of his wife, Lori, were both Lions. Service was simply a part of his childhood, from delivering Meals on Wheels to selling Christmas trees and then collecting them for his local Lions club bonfire. "At 6 years of age, and in a small community, and with all the things they wanted done, we just tagged along."

As he grew up, he became more and more involved in Lions, cooking homemade sausage at Lion events and taking part in the local demolition derby. Eventually, he joined Lions himself in his 30s. "I made that decision to be part of this organization. It wasn't something that was brought on by my dad necessarily, by him asking me." He knew that Lions were there making his community—and communities around the world—even stronger. Even better. Even closer.

Brian Sheehan also knew at an early age that the best way to make his contribution to his community was to first make something of himself.

BIRD
ISLAND

I saw this **TEAM APPROACH**
in our club. It was always
community first.

- International President, Brian E. Sheehan

Small Town, *Big Ideas*

Brian left Bird Island for college to become a mechanical engineer. He thought engineering could help him tackle big problems, but after a single computer science class, his priorities changed. The potential in this new, exciting field was clear to him. He returned to Bird Island and immediately placed an order for his first computer.

His business started as a small idea to improve his father's propane delivery routes. Together with his brother, Kevin, he wrote a custom programming language and built an algorithm to keep track of statements and plan routes based on weather and other factors for his father's propane business. And it quickly took off—people from all around Minnesota came looking for the software.

He even moved his business to a larger city in order to expand, but quickly realized that there's no place like home. In Bird Island, he knew the people working for him. He knew he could help his community by being there. Not just as a business owner, but as a friend, a neighbor and a Lion. He realized he could do big things in a small town. And he did.

Sheehan and his Lions club helped build Lions Memorial Park—one of the premier baseball diamonds in Minnesota—to bring people to Bird Island, to bring his community closer and to show everyone how big ideas can be brought to life, even in a small town.

“No one can do something like that on their own. It was a team effort. That’s how we bring big ideas to life.”

His club is a pillar in the community. His business is global. His dream of being international president is now a reality. After everything he’s done, he believes that when we work together, we can make the impossible possible. Which is what he has planned for Lions.

It's so simple, so fundamental, and so true.

Together We Can.

President Sheehan believes it. He sees it in his work, in his service and in his wonderful marriage to Lori—teamwork makes it all work. That's why Together We Can is his message to Lions, and the world.

We see it in our clubs every day. People uniting to build up our communities, to be the helping hand, to change lives. Together.

We see it in the work we do with Lions Clubs International Foundation (LCIF). We take on big life-changing projects that make our communities healthier, more vital and more sustainable. And we do it together.

Lions know we can't do it alone. To accomplish big things, we all have to pull together, roll up our sleeves and put in the work to make the impossible possible. And we do it with a smile because this is how we live, this is how we serve, and this is who we are as Lions.

Every day, we live out the simplicity, the necessity and the absolute beauty of Together We Can.

At every point in my journey, in business, in my family life, and especially in Lions, we found out **WE CAN ACHIEVE SO MUCH MORE** when we do it together.

- International President, Brian E. Sheehan

Achieving Great Things Together

When we carry that spirit of togetherness out into the world, great things happen. Here are some priorities that can help us strengthen our communities and Lions.

Share the Joy of Being a Lion

When our clubs grow, so does the kindness we bring. It takes healthy clubs to keep our service going, our members happy and our communities strong. When we invite family, friends and neighbors to join us, we increase what we can do together. And the fun we have together.

Keep our Foundation Strong

Our service is powered by our foundation, LCIF. Together, we take on bigger projects that lead to bigger impact and bigger change, where we live and around the world. Let's celebrate the success of Campaign 100, and let's continue to support our foundation and the future of service so we can magnify our impact.

Think Big When We Serve

Let's think about how we can make the projects we love even better, and let's look for new ways to support our global causes because real change starts with big ideas. Don't shy away from taking on a big, daring project, and be prepared to be amazed at what we can do together.

Be a Local Advocate

Lions are leaders in their communities, and our service and our voices matter. So be a champion for a local cause. Create awareness, education and change. Become a local leader—and a vocal leader—for your club, your causes and your community.

Together We Can

Starts with You.

Sure, we can make a difference on our own. But together, we can change the world. Here are some great ways to put Together We Can to work in your club and your community.

Teamwork

Teamwork is the engine that drives us forward—it's how great things happen. So it's up to each of us to pitch in, to do our part, and to be a team player. Not only will we get great things done, but we'll be part of something greater than ourselves too.

Attitude

We're driven by a passion for helping others—and we have fun doing it. So keep in mind that a smile and a can-do attitude are contagious. When our service and fellowship reflect the joy within us, we can achieve the best possible outcomes and bring out the very best in ourselves.

Thinking outside of the box

This expression usually denotes innovation and big change—but it's really about problem-solving. It's a willingness to reassess and set aside old ways, to get creative and try new things. And when you embrace it, you just may find that the impossible is, in fact, possible.

WE HELP MILLIONS and millions of people. That's the best thing about this whole organization and being a Lion.

- International President, Brian E. Sheehan

Together We Can.
And together WE WILL.

VALUE FOR LIFE

HISTORY OF LIONS CLUBS INTERNATIONAL

Melvin Jones (1879 -1961)
Founder of Lionism (Born 13th January 1879)

A little over 90 years ago, a man stepped forward to change the destinies of millions of men, women and children around the world.

The man was Melvin Jones. The city was Chicago. And the year was 1917. As a young businessman, Melvin Jones decided that what the world needed was more compassion... More caring about others and less concern about self.

Assisted by his wife, Rose Amanda, Jones began writing letters to other men's organizations of the day - some of whom held the same philosophy of service to others. Would they be interested in meeting to discuss a new organization, one that would utilize the resources of businessmen and other professionals to benefit communities and people in need?

An organizational meeting was held

on June 07, 1917, in the old La Salle Hotel in Chicago. While the La Salle has been gone many years -a victim of changing times and the wrecker's ball - Lions Clubs International has flourished even beyond Melvin Jones' dreams becoming the world's largest service club organization.

In 1917, the founding members of Lions Clubs International gathered in front of one of the Chicago Art Institute's famed lion statues. What began as the good intentions of a

HISTORY OF LIONS CLUBS INTERNATIONAL

group of civic minded men has evolved into a global force for good - a world class organization of men and women who recognize needs that go beyond their own, who work on behalf of others whom they may never see, speak with or meet.

Jones first became interested in servicing humanitarian needs a fret he became a member of the Business Circle of Chicago in 1913. As a young Insurance Executive, he was, in many ways, like his fellow club members. Jones, however, had a desire to serve more than just his own business interests, and after four years in the business circle, realized he had much more to offer his fellow man. His wife agreed, and they both set out to find others who would join them in their quest to make the world a better place.

Present at the La Salle Hotel were representatives of other service clubs; notably, Dr. William Woods, a physician from Evansville, Indiana, who was serving as President of The International Association of Lions. At the time of invitation, there were 27 clubs listed as members of lions. Dr. Woods was invited by Jones, according to written records, "with a view to lining up our organization with yours".

Other clubs extended an invitation included the Vortex Club of St. Louis, Missouri, the Business and Professional Men's Association of St. Paul, Minnesota, and the Optimist and

Exchange clubs. No representative of the Exchange Clubs attended however.

According to the minutes of that meeting, this resolution was introduced and unanimously adopted by the Business Circle of Chicago.

"That the Board of Directors of the Business Circle of Chicago enter into negotiations with Dr. W. P. Woods of the International Association of Lions Clubs, and other clubs with reference to the affiliation of these clubs and that said Board of Directors have full power to make and complete all arrangements for said affiliation and any act they do on the premises shall be the act of this club and binding thereon".

The first convention of Lions Clubs was held in Dallas, Texas, October 08-10. Melvin Jones was retained as Acting Secretary, a post he held since the Chicago meeting the year before and Dr. William P. Woods was elected as the first President of Lions Clubs International.

The banquet of the First Annual Convention in Dallas, Texas, USA, October 8-10, 1917.

HISTORY OF LIONS CLUBS INTERNATIONAL

From our current worldwide perspective, it's difficult to imagine a fledgling Lions Clubs International. Yet in 1918, those early founders had a vast amount of work to do after each returned home. In addition to helping out their own communities, Lions were immediately faced with contributing to the war effort.

The United States had entered World War - I in April 1917, and helping out the soldiers had gained the support and attention of many Lions Clubs. Selling war bonds and collecting reading materials to be shipped out to servicemen was a national effort at this time, and one that Lions also embraced. Another crisis was facing the United States then the influenza epidemic of 1919 which claimed so many lives. Regardless of the dangers they faced to their own health, Lions cooperated fully with public health officials and hospitals, serving in any capacity in which they were needed in their communities.

Lions were beginning well-known for their compassionate and caring activities in hometowns across the land. As more and more men joined the ranks, it became apparent that there was a need for a major communication link between them. The Lion Magazine fulfilled that need - in November 1918, Volume 1, No.1 was published, with Melvin Jones heading the masthead as editor. Today, there are 31 separate editions of THE LION, published in 19 languages.

The Roaring 20s

The Roaring 20s were years of growth for Lions Clubs International. The war was over, and a decade of prosperity and confidence lay ahead for the world. As a balance and normalcy returned to a world held captive by a war that spanned continents and claimed countless lives, the collective mood of people everywhere lifted and lightened.

United States Lions extended their hands in friendship to Canada, establishing the border cities Lions Clubs in Ontario. Although its name later was changed to Windsor, the club paved the way for many more to follow. Lions Clubs in Toronto and Hamilton, Ontario, came immediately after this first chartering of a Canadian Club.

One of the most famous Lions of that era was Admiral Richard E. Byrd, a member of the Washington, D. C. Lions Club. When they flew over the North Pole on May 9, 1926, Admiral Byrd and noted aviator Floyd Bennett carried the Lions flag with them. In October 01, 1926, China became the third nation of Lionism. The Tientsin Lions Club included 55 members - Chinese, British, German, Italian, French, Japanese, Australian, Hungarian and American. This was the year that Lions Clubs passed the 1,000 mark.

Mexico came next as an international member nation when the Nuevo Laredo Lions Club was formed in 1927. Shortly after, Havana, Cuba

HISTORY OF LIONS CLUBS INTERNATIONAL

Lions held their first meeting. They remained strong for more than 30 years, following their charter, but were forced into inactivity after the Cuban revolution in 1959. While the world moved ahead with dizzying degrees of progress, one group of citizens faced undeniable walls of prejudice. The handicapped still had not achieved true independence and public acceptance. In 1925, however, a most eloquent plea from Helen Keller, noted around the world as a symbol of courage and humanity, pointed Lions in a direction that would change the lives of millions.

HELEN KELLER

Invited to address the International Convention in Cedar Point, Ohio, Keller challenged delegates to become “Knights of the Blind”, this extraordinary individual became the inspiration for millions of Lions, past to present.

Helen Keller challenged Lions to become “Knights of the Blind” in 1925 and continued working with Lions throughout her life including this 1939 meeting.

Indeed, before delegates left Cedar Point, they voted to adopt Sight Conservation and Work for the Blind (later changed to “with the blind”) as a major service activity. Of course, many clubs had already been working towards this goal - to make life more comfortable for the impaired. What Helen Keller’s moving words did was provide the impetus for every Lion, for every club in the entire association to unite with a common goal - a fight they could win together.

In 1990, Lions launched their most aggressive sight preservation effort to date, lion-plus programme strives to rid the world of preventable and reversible blindness.

Since those first years, the association has grown to include 1.4 million men and women in more than 46,000 clubs located in approximately 209 countries and geographical areas.

LANKA LIONS FOUNDATION

Lanka Lions
Foundation

FOUNDER CHAIRMAN

PAST INTERNATIONAL PRESIDENT,
LION MAHENDRA AMARASURIYA (IP 2007/2008)

NAME THE FOUNDATION

LANKA LIONS FOUNDATION

INITIATED IN

DECEMBER 2012

PURPOSE

To Assist 'The Economically Active Poor'

LOAN SCHEME

The administration of this loans scheme has been outsourced to a micro credit specialist, who has extensive expertise in the field of micro credit, who administers the project for and on behalf of the foundation for a fee. Hence while the foundation will grant the loans on an interest free basis to the applicants, a fee of 10% of the loan amount is charged from all loan applicants as an administration fee. However, the first 150 loans were granted without charging a service fee. The funds in the Lanka Lions comprises of donations made by 2,022 lions, which has been matched rupee for rupee, up to five million rupees by the settlor of the foundation, past international president lion mahendra amarasuriya, which indeed makes the lanka lions foundation unique.

METHODOLOGY

LOANS

Under this scheme would be granted exclusively through lions Clubs.

THE LIONS CLUB

Recommending the loan will be responsible for collecting loan Instalments and remitting the same to the process consultant of The LANKA LIONS FOUNDATION, on a monthly basis.

LOAN RECIPIENTS

Need to be residents in the area of the recommending lions club.

ALL POTENTIAL BORROWERS

Have to be personally visited and investigated by the club Members recommending the loan, before they are considered.

THE LION

Recommending the loan will be responsible for the collection of the loan instalment, and will become the guarantor for the loan.

LANKA LIONS FOUNDATION

APPLICATION MANDATORY.

- (i) 03 copies of a recent photograph (postal I.D. or passport size) of the borrower.
- (ii) A photograph of the loan applicant and the Lion /Lion Lady recommending the loan at the business premises of the applicant.
- (iii) The Grama Niladhari's certificate confirming the applicant's residency as permanent.
- (iv) A photocopy of the applicant's NIC.
- (v) A photocopy of the Guarantor's NIC.

Application and loan agreement duly completed and signed by the applicant, Lion recommending the loan (Guarantor) and Club officials, and recommended by the First Vice District

BENEFIT TO THE CLUB:

- 1.The opportunity to assist poor and marginalized people to increase their income or improve their standard of living by granting them a loan from the Foundation, WITHOUT spending personal funds.
- 2.As the fund is exclusively for Lions and Lion Ladies, top priority is assured without delays and red tape.
- 3.The ability to continue granting loans to the deserving poor, as the foundation has revolving funds.

BENEFIT TO THE LOAN RECIPIENTS

The First benefit to the loan recipients who obtain loans under this scheme is the fact that it is extremely cheap. (Normally marginalized people pay exorbitant interest rates as much as 20% per month for small loans. Here there is only a one time upfront fee of 10%)
The second is that loans will be granted with minimum documentation and inconvenience to loan applicants.
The third will be that, with the on time repayment of loans, loan recipients will qualify for larger loans.
